

## *Aerospace Studies – Air Force ROTC*

### **Mission Statement**

The Air and Space Studies Minor assists Air Force Reserve Officer Training Corps cadets and other students in meeting the criteria for a commission, as an Officer, in the United States Air Force or entry, as a civil service employee, into the Department of the Air Force or Department of Defense. The courses emphasize leadership and management techniques with an emphasis on Air Force and Joint military processes and programs.

### **Student Learning Outcomes**

UWF Aerospace Studies minor graduates should be able to do the following:

### **Content**

- Apply effective leadership, followership, and teamwork skills according to Air Force policies and procedures.

### **Critical Thinking**

- Describe the significance of airpower in operations at home and abroad by analyzing case studies ranging from operational effectiveness to cross-cultural competence.

### **Communication**

- Apply effective military verbal and written communication skills in both traditional and technology-based formats.

### **Integrity/Values**

- Articulate the Air Force core values and their impact on personal, professional, and organizational growth, especially relating to managing diversity and understanding in the effects of discrimination and sexual harassment.

### **Job Prospects**

Officer in the United States Air Force, or entry as a civil service employee into the Department of the Air Force or Department of Defense
