

## **"Forget Me Not"**

### **Car Seat Safety Monitor TRANSCRIPT**

0:00

the green light indicates that the car

0:02

is on because there is power our child

0:05

is

0:06

registered to this box is registering

0:08

that he's in and he's registered that

0:10

the buckle is is

0:14

it's going to give an alarm and show you

0:16

and the blue light is going to go out

0:18

on the box

0:19

pressing and holding the command

0:20

override button it will stop the beeping

0:23

so it's not annoying you

0:25

and of course the beeping will stop the

0:27

command override will stay on for

0:30

you can hold the same yellow button go

0:33

ahead

0:34

and it will command override and after a

0:36

short amount of time right

0:38

in here

0:39

way with the keys the keys have a

0:41

bluetooth low emission key fob on the

0:44

key ring

0:45

all right and after a short amount of

0:46

time

0:48

if you've left the child in the car

0:50

it was going to send you a text message

0:53

so that was it right there

0:56

and it will remind you that you've left

0:57

your child in the car all right

1:00

next guess

1:02

the ascension's going to go up and it's

1:04

going to start doing
