June 2023

Notes from Beneath the Blue Awning

Hello, UWF researchers.

Considering the heat outside, I'll be brief and just remind you (or let you know) that we are already preparing the schedule for 2023 Research Week to be held Oct. 23-27. We are working with departments and offices across the campus to include presentations, workshops, and other events related to undergraduate research, sponsored research, intellectual property, team science, three-minute theses, and more.

Please be on the lookout for the specific schedule of 2023 Research Week events. We hope you can join us the week of Oct. 23-27, 2023. If you are hosting a research/scholarship /creative activities event that can be included in our Research Week, please contact Natalie Mead at nmead@uwf.edu.
